## An Exciting and Relevant Curriculum

Our summer program, for students in grades JK -8<sup>th</sup>, will focus on a core curriculum, but also include additional offerings to make for a well-rounded experience!

The half-day, Mon. – Thurs. program, will include math, language arts and science as part of its daily instruction.

Students will also receive classes in art, P.E. and music.

**Register via the link above or  
contact the school for more information!**
